

YOUR TOWN YOUR VISION

**What is your vision for the
Town of Byron
in 2040? Are you part of it?**

**5:00-7:00 P.M.
April 27, 2016**

**Town of Byron Town Hall
N3097 Wis Hwy 175**

Join us for a public visioning workshop, which will cover different topics associated with planning for the future development within the Town of Fond du Lac over the next twenty years.

The Town of Byron is updating it's current Comprehensive Land Use Plan, commonly referred to as a "Smart Growth" Plan. This plan sets forth the vision and policies that will affect future development and transportation within the Town.

Your thoughts are important! This workshop is just the first step in formulating a vision for how the Town will look, function and feel as new development (or re-development) takes place.

The workshop will be held in an 'open house' format, with no formal presentations. Come for 15 minutes, or stay for 2 hours! Town and East Central staff will walk participants through a series of quick, thoughtful and highly visual exercises which are meant to stimulate and document ideas and concerns in topic areas associated with community history, land use, housing, transportation, environmental protection and more!
